

ALSTOM WORLDWIDE

Power generation and rail transportation are Alstom's core business.

The multinational group headquartered in France has offices in over 70 countries, employs 76'000 staff and in the 2007/2008 financial year achieved an annual revenue of over 23.5 billion Euros.

Alstom is a global leader in the world of power generation and rail infrastructure and is divided into three Sectors – Power Systems, Power Service and Transport. While the demand for electricity is constantly rising, environmental aspects are becoming more and more important. Alstom sets the benchmark for innovative and environmentally friendly technologies.

ALSTOM IN SWITZERLAND

With approximately 5'600 staff, ALSTOM (Switzerland) Ltd is one of the country's largest industrial enterprises.

The heart of the power plant business – encompassing research and development (R&D), engineering, project sales and conclusion, component production, and service – is located at the Group's biggest single location in Baden/Birr. Global management of the two Power Sectors is also conducted from Switzerland and the Transport Sector is represented at offices in Neuhausen am Rheinfall, Biel and Lausanne.

ALSTOM & YOU

We have an unambiguous philosophy of personal advancement within Alstom – everything is possible for those who want to reach out and grab the opportunity! Alstom's people strategy emphasises personal development and career opportunities. We firmly believe that satisfying your aspirations is the best guarantee of satisfying our customers.

Therefore, we actively encourage people to take on assignments that will develop their strengths, understanding and team spirit. Foreign assignments give our people an openness of mind and a global insight that will last a lifetime.

FINANCE GRADUATE DEVELOPMENT PROGRAMME

Alstom offers graduates with a business degree the opportunity to apply for its multi-country and multi-Sector Development Programme in the area of Finance. It lasts for 24 months and takes you through three different assignments in different locations of the Alstom international network. Two assignments will be of 6 months duration, and the third and final one will be of twelve months.

During the whole programme you will be supported and coached by a personal mentor. In addition to that, you will join – together with all other Trainees – four training sessions, which will take place in different locations. At the end of the programme, you, together with your Mentor and the Programme Manager will decide which job within the Finance Community is best suited for you.
