

Deloitte is part of Deloitte Touche Tohmatsu, a leading global network of professional services firms. Deloitte delivers world-class Audit, Tax, Consulting, Enterprise Risk and Financial Advisory Services. With more than 70 member firms, 165,000 people in over 140 countries, Deloitte provides professional services to over half the world's largest companies, public institutions and successful fast-growing enterprises. Deloitte member firms achieve sustained growth for clients by providing unmatched depth and breadth of professional services that deliver value and results in each market segment.

In Switzerland, Deloitte was established in 1961 and employs more than 830 highly qualified people based in the Swiss business centers of Zurich (Headquarter), Basle, Geneva, Lausanne and Lugano. In 2006, the UK and Swiss practices merged. Deloitte's Swiss operations continue to offer its clients from various industries tailor-made local services and in addition offer access to the powerful resources and specialist expertise of the UK firm.

Deloitte is a partnership. Each department is led by a Partner in Charge (PIC). Audit teams account for nearly half of the Deloitte workforce in Switzerland (50%) and over a fifth of Deloitte specialists work in the Tax practice (24%). The remaining experts focus on Consulting (15%), Enterprise Risk Services (5%) and Corporate Finance (6%), as well as corporate national functions.

The sustained and rapid growth of Deloitte's Swiss operations fuels demand for university graduates looking to start or pursue their career in one of our service lines. Throughout the year, Deloitte recruits people with outstanding intellectual and communication skills, a well-developed team spirit, social competence, determination, drive and motivation.

Graduates join a dynamic and motivated team. From day one, they face challenging tasks for which they are personally accountable. It takes hard work, dedication, flexibility, entrepreneurship and service excellence to exceed clients' expectations. In return all members of the Deloitte team feel that they are part of a special group of people. Deloitte offers excellent opportunities for professional and personal development and actively supports internal training and external education.

Deloitte is proud of its corporate culture where teamwork, mutual respect, non-discrimination and professionalism are firmly held values. Partners and managers embrace an «open door» policy and actively promote and support their graduates and guide their career development. Promotions and remuneration are based on merit and not on years of service. Deloitte treats both clients and employees as partners.

For Deloitte to become your company of choice, we look forward to meeting you in person soon.
